

Medicaid Prior Authorization (PA) Code Matrix

January 1, 2022

To search this document, type in the keyword or code you are looking for by pressing press Ctrl F on your keyboard.

Please contact Molina at 1-855-322-4080 if you need more information about the Third-Party Proprietary Criteria referenced in this document or if information is needed in an alternate language.

Information that indicates certain items or services do not require authorization in this Prior Authorization (PA) Code Matrix document is only applicable for Participating Providers.

FOR ANY PA CHANGES DUE TO REGULATORY GUIDANCE RELATED TO COVID 19 – PLEASE SEE PROVIDER NOTIFICATIONS AND MOST CURRENT INFORMATION ON THE PROVIDER PORTAL.

Most Non-Participating Providers with the exception of some facility based professional services, receipt of ALL services or items from a non-contracted provider in all places of service require approval.

Prior authorization exceptions for Non-Participating Offices/Providers/Facilities:

- Hospital Emergency Department Services;
- Evaluation and Management services associated with inpatient, ER visits and observation stays;
- Local Health Department (LHD) services
- Other services based on State requirements
- Radiologist, Anesthesiologist, and Pathologist professional services when billed in Place of Service Code 19, 21, 22, 23 or 24 (except dental anesthesia for STAR children)

All In-Patient admits and services require Prior Authorization, including: Acute Hospital, Neonatal Intensive Care Unit (NICU), Skilled Nursing Facilities (SNF), Rehabilitation, and Long-Term Acute Care (LTAC) Facilities.

The codes below are for Out-Patient services only.

Some services listed may not be covered by Medicaid. CMS or your local State Regulatory Agency determines many of the plan benefits. The absence of a code from this list does not mean that a service is a covered benefit. Refer to the Texas Medicaid Fee Schedule and Texas Medicaid Provider Procedures Manual for the most up to date plan benefit information.

Prior authorizations are not required for the following:

- Emergency Services for Participating or Non-Participating Providers.
- Office visits at Participating Providers.
- Referrals to Participating Network Specialists.

Obtaining authorization does not guarantee payment. The plan retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of the service, correct coding, billing practices and whether the service was provided in the most appropriate and cost-effective setting of care.

For additional information please contact Molina Healthcare 1-855-322-4080.

Molina covers limited gene therapy services in accordance with our medical policies, subject to Prior Authorization.

[Healthcare Services Screening Criteria Link](#)

[Pharmacy Services Screening Criteria Link](#)

[Texas Medicaid Provider Procedure Manual](#)

This document is NOT be utilized to make benefit coverage determinations. Please review the Texas Medicaid Provider Manual and Texas Medicaid Fee Schedule.

Obtaining authorization does not guarantee payment. The plan retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of the service, correct coding, billing practices and whether the service was provided in the most appropriate and cost-effective setting of care.

The prior authorization information reflected on this document is general in nature and is not intended to be relied upon in making medical decisions. The criteria listed below is generally accurate, but may be different based on factors such as specific medical condition or type of provider requesting the service. Each patient will have unique medical conditions, submitted by his/her physician in a particularized manner, that will factor into documents required, criteria applied, and Molina's decision of whether to approve or deny a requested service. Please contact Molina or your doctor to get more information regarding prior authorization for any particular service.

Genetic Counseling and Testing	7/1/2020	0181U	Red cell antigen (Colton blood group) genotyping (CO), gene analysis, AQP1 (aquaporin 1 [Colton blood group]) exon 1	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0182U	Red cell antigen (Cromer blood group) genotyping (CROM), gene analysis, CD55 (CD55 molecule [Cromer blood group]) exons 1-10	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0183U	Red cell antigen (Diego blood group) genotyping (DI), gene analysis, SLC4A1 (solute carrier family 4 member 1 [Diego blood group]) exon 19	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0184U	Red cell antigen (Dombrock blood group) genotyping (DO), gene analysis, ART4 (ADP-ribosyltransferase 4 [Dombrock blood group]) exon 2	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0185U	Red cell antigen (H blood group) genotyping (FUT1), gene analysis, FUT1 (fucosyltransferase 1 [H blood group]) exon 4	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021

Service Category Notes	Effective Date	Code	Definition	Documentation Requirement	Criteria Utilized	Notes	Date of Annual Review
Genetic Counseling and Testing	7/1/2020	0186U	Red cell antigen (H blood group) genotyping (FUT2), gene analysis, FUT2 (fucosyltransferase 2) exon 2	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0187U	Red cell antigen (Duffy blood group) genotyping (FY), gene analysis, ACKR1 (atypical chemokine receptor 1 [Duffy blood group]) exons 1-2	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0188U	Red cell antigen (Gerbich blood group) genotyping (GE), gene analysis, GYPC (glycophorin C [Gerbich blood group]) exons 1-4	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0189U	Red cell antigen (MNS blood group) genotyping (GYPA), gene analysis, GYPA (glycophorin A [MNS blood group]) introns 1, 5, exon 2	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. 	Molina Clinical Policy: Genetic Testing		3/3/2021
Genetic Counseling and Testing	7/1/2020	0190U	Red cell antigen (MNS blood group) genotyping (GYPB), gene analysis, GYPB (glycophorin B [MNS blood group]) introns 1, 5, pseudoexon 3	Information generally required to support authorization decision making includes, but not limited to: <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as "buy-and-bill" drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. "Buy-and-bill" drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare's vendor, Caremark Specialty Pharmacy. Molina's pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member's home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251. <p>Healthcare Administered Drugs/Pharmacy Drug Coverage:</p> <p>Newly FDA approved medications such as "buy-and-bill" drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. "Buy-and-bill" drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement.</p> <p>Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare's vendor, Caremark Specialty Pharmacy. Molina's pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member's home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.</p>	Prior to 9/1/2019	A9542	INDIUM IN-111 IBRITUMOMAB TIUXETAN DX TO 5 MCI	<p>Information generally required to support authorization decision making includes, but not limited to:</p> <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. <p>Healthcare Administered Drugs/Pharmacy Drug Coverage:</p> <p>Newly FDA approved medications such as "buy-and-bill" drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. "Buy-and-bill" drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement.</p> <p>Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare's vendor, Caremark Specialty Pharmacy. Molina's pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member's home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.</p>	Prior to 9/1/2019	J0695	INJECTION CEFTOLOZANE 50 MG AND TAZOBACTAM 25 MG	<p>Information generally required to support authorization decision making includes, but not limited to:</p> <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. <p>Healthcare Administered Drugs/Pharmacy Drug Coverage:</p> <p>Newly FDA approved medications such as "buy-and-bill" drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. "Buy-and-bill" drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement.</p> <p>Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare's vendor, Caremark Specialty Pharmacy. Molina's pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member's home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.</p>	Prior to 9/1/2019	J1568	INJ IG OCTOGAM IV NONLYOPHILIZED 500 MG	<p>Information generally required to support authorization decision making includes, but not limited to:</p> <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. <p>Healthcare Administered Drugs/Pharmacy Drug Coverage:</p> <p>Newly FDA approved medications such as "buy-and-bill" drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. "Buy-and-bill" drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement.</p> <p>Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare's vendor, Caremark Specialty Pharmacy. Molina's pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member's home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.</p>	Prior to 9/1/2019	J7328	HYALURONAN DERIVATIVE GELSYN-3 FOR IA INJ 0.1 MG	<p>Information generally required to support authorization decision making includes, but not limited to:</p> <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information.
